PRODUCT OF EUROPE (CYPRUS)

.....

Also known as Mediterranean Seabass, Bronzini, Loup de mer, or Branzino, European Sea Bass (*Dicentrarchus labrax*) has been beloved in Mediterranean countries for centuries.

Harvested to order, European Sea Bass is a delicious fish that cooks up firm yet flaky. We generally stock a variety of sizes: 14-18 oz, 22-28 oz. and 28-32 oz. This is a great fish to prepare whole. Try baking it in a salt crust - customers will love it!

We also offer special cuts on this product such as the SMS cut, Butterfly cut and Pocket cut. Please contact your Santa Monica Seafood Rep for more info.

- Responsibly raised with minimal environmental impact
- High quality
- Availability year-round
