Traditionally handcrafted, thinly sliced and ready to eat! Our premium salmon is reared in the fast-flowing, clear, deep waters off the coast of Scotland where strong currents help to produce lean, healthy fish. Using a Traditional Family Recipe, each salmon is individually cured by hand with salt and brown sugar, delicately cold smoked over oak wood chippings and thinly sliced. Serve over a bagel or crackers with cream cheese and chives, chop up and add to omelets or create your own version of a BLTA.

**Ingredients:** Salmon [Salmo Salar] (Fish), Salt, Brown Sugar, Natural Oakwood Smoke. Atlantic Salmon farmed in Scotland (UK). **Contains Fish (Atlantic Salmon).**
