SCIENTIFIC NAME: Panulirus argus
PRODUCT TYPE: Frozen

Caribbean Lobster Tails deliver a firm, sweet, and succulent bite that elevates any dish - perfect for guests seeking something special. Whether poached, baked, grilled, or steamed, these warm-water tails offer outstanding flavor and versatility. Just remember: lobster meat cooks quickly, so avoid overcooking to keep it tender and juicy.

Santa Monica Seafood carries a wide range of sizes to suit every menu. Work with your Sales Representative to select the perfect portion for your application—smaller tails pair beautifully with a premium cut of beef or Australian lamb for a classic surf-and-turf, while larger tails can shine as the center-of-plate showstopper.
Ideal for anniversaries, Valentine's Day, birthdays, or any occasion worth celebrating, Caribbean Lobster Tails are a luxurious yet approachable option your guests will remember.
